Independent Auditors' Report

The Honorable Mayor and Members
 of the Township Committee
 Township of White, NJ

Report on the Financial Statements

We have audited the financial statements – *regulatory basis* - of the various funds of the Township of White, in the County of Warren (the "Township") as of and for the years ended December 31, 2014 and 2013, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

The Honorable Mayor and Members
of the Township Committee
Township of White
Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Township on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America the financial position of each fund of the Township as of December 31, 2014 and 2013, or the changes in financial position or where applicable, cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds of the White Township as of December 31, 2014 and 2013, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Township's financial statements. The supplementary data schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards, as required by the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*; and New Jersey's OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements.

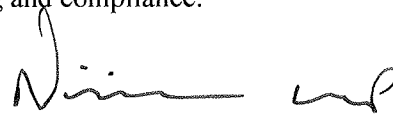

The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the various fund financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund financial statements or to the various fund financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

The Honorable Mayor and Members
of the Township Committee
Township of White

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2015 on our consideration of the White Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the White Township's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Township of White include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of White, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of White do not include the operations of the volunteer fire company or first aid organization.

Governmental Accounting Standards Board ("GASB" publication, Codification of Governmental Accounting and Financial Reporting Standards) Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Township of White conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of White accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility Operating Fund - Account for the operations of the municipally owned sewer utility. There are no municipally owned sewer capital facilities.

Public Assistance Fund - Receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes.

General Fixed Assets Account Group - Estimated values of land, buildings and certain fixed assets of the Township as discussed in Note 1C - "Basis of Accounting".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The more significant accounting policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey. Federal and state grants are realized in the Current Fund when they are budgeted and in the Capital Funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Other amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Deferred Charges to Future Taxation – The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means the debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, or collecting a grant. The unfunded deferred charge may also be funded by selling bonds or by issuing loans or capital lease purchase agreements.

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Township of White's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned and inventories would not be reflected as expenditures at the time of purchase.

Other significant accounting policies include:

Management Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments are stated at cost or amortized cost, which approximates market.

Foreclosed Property – Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds – Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Grants Receivable – Grants receivable represent the total grant award less amounts collected to date. Because the amount of grant funds to be collected is dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Inventories of Supplies – The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

Allowance for Uncollectible Accounts – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

General Fixed Assets – In accordance with New Jersey Administrative Code accounting requirements, as promulgated by the Division of Local Government Services, the Township has developed a fixed assets accounting and reporting system based on the following:

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

General fixed assets are recorded at cost, except for land which is recorded at assessed value, and buildings, which are recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided for on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the general fixed assets account group may also be recorded in the Current Fund, General Capital Fund and Sewer Utility Fund. The values recorded in the general fixed assets account group, the Current Fund, the General Capital Fund and Sewer Utility Fund may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Fixed assets are reviewed for impairment.

Budget/Budgetary Control – Annual appropriated budgets are usually prepared in the first quarter for the Current, Sewer Utility Operating and Open Space Trust Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Township during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bonds to finance the general Township capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds. The Township's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

			<u>\$ 786,954.00</u>
Total Debt Issued and Outstanding			<u>\$ 786,954.00</u>

Note 3: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2014, there are no deferred charges.

Note 4: Fund Balance Appropriated

As of the date of this report, the budget for 2015 has not been introduced. Thus, the amount of fund balance at December 31, 2014, which will be included in the Current Fund and Sewer Utility Operating Fund budgets for the year ending December 31, 2015, is not known at this time.

Note 5: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

Local District Tax has been raised and liabilities deferred by statutes (under provisions of C.63, P.L. 1991, as amended), resulting in the school taxes payable set forth in the current fund liabilities as follows:

	<u>Local School Tax</u>

Note 6: Pension Plans

Township employees are enrolled in one cost sharing multiple-employer public employee retirement system: the Public Employees' Retirement System (PERS). The State of New Jersey sponsors and administers this plan which covers substantially all Township employees. As a general rule, all full-time employees are eligible to join the public employees' retirement system.

Employees who are members of PERS and retire at a specified age according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of creditable service. Vesting occurs after 8 to 10 years of service.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above system. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The employee contribution rate for PERS was 6.78% effective July 1, 2013 and increased to 6.92% effective July 1, 2014. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018. Employers are required to contribute at an actuarially determined rate in the PERS. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits.

Township contributions to PERS amounted to \$41,573, \$48,782 and \$53,160 for 2014, 2013 and 2012, respectively.

Note 7: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Comparison of Tax Levies and Collection Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Currently</u>	
		<u>Cash Collections</u>	<u>Percentage of Collection</u>
2014	\$ 11,867,591.18	\$ 11,366,124.05	95.77%
2013	11,199,342.71	10,750,793.60	95.99%
2012	11,611,201.98	11,330,837.23	97.59%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 8: Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Township classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, Governmental Accounting Standards Board Deposit and Investment Risk Disclosures, requires disclosure of the level of custodial credit risk assumed by the Township in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Note 8: Cash and Cash Equivalents (Cont'd)

Interest Rate Risk – In accordance with its cash management plan, the Township ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Township limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed below and on the following page.

Deposits:

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit.

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;

Investments (Cont'd)

- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund; or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in statute; and
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2014, cash and cash equivalents of the Township of White consisted of the following:

	<u>Checking Accounts</u>	<u>Cash on Hand</u>	<u>Total</u>
Current Fund	\$ 1,834,261.17	\$ 850.00	\$ 1,835,111.17

	<u>\$ 3,513,239.93</u>	<u>\$ 850.00</u>	<u>\$ 3,514,089.93</u>

The carrying amount of the Township's cash and cash equivalents at December 31, 2014, was \$3,514,089.93 and the bank balance was \$ 3,619,749.78. The Township did not hold any investments during the year.

Note 9: Risk Management:

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by the Public Alliance Insurance Coverage Fund. Health benefits are provided to employees through the State of New Jersey Health Benefits Plan.

Property, Liability and Workers' Compensation

The Township is currently a member of the Public Alliance Insurance Coverage Fund (the "Fund"). The Fund provides its members with Liability, Property and Workers' Compensation Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self administered group of governmental entities established for the purpose of providing low-cost insurance coverage for its members in order to keep local property taxes at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Fund are elected.

As a member of the Fund, the Township could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. The members may either receive payment or offset their subsequent year assessments with their respective share of the distribution.

The December 31, 2014 audit report for the Fund was not available as of the date of this report. Selected, summarized financial information for the Fund as of December 31, 2013 is as follows:

New Jersey Unemployment Compensation Insurance

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the state.

The following is a summary of Township and employee contributions, interest earned and reimbursements to the State for benefits paid and the ending balance of the Township's expendable trust fund for the current and previous two years.

<u>Year</u>	<u>Township Contributions</u>	<u>Employee Contributions</u>	<u>Interest Earned</u>	<u>Reimbursements</u>	<u>Ending Balance</u>
2014		\$ 1,042.40	\$ 23.25	\$ -0-	\$ 10,186.09
2013		986.43	20.69	-0-	9,120.44
2012	\$ 458.89	498.75	18.32	-0-	8,113.32

Note 10: Interfund Receivables and Payables

The following interfund balances remained on the balance sheet at December 31, 2014:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Current Fund	\$ 8,510.87	\$ 13,442.00
Federal and State Grant Fund	13,442.00	
Animal Control Trust Fund		7,404.40
Other Trust Funds		958.37
General Capital Fund		148.10
Sewer Utility Operating Fund	44.73	
Sewer Utility Capital Fund		44.73
	<u>\$ 21,997.60</u>	<u>\$ 21,997.60</u>

The interfunds receivable in the Current Fund represents the statutory excess due from the Animal Control Trust Fund, and interest earned in the various trust funds and the General Capital Fund. The interfund receivable in the Federal and State Grant Fund represents grants received by the Current Fund which have not yet been transferred to the Federal and State Grant Fund. The interfund receivable in the Sewer Utility Operating Fund represents interest due from the Sewer Utility Capital Fund.

Note 11: Contingent Liabilities

The Township is periodically involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. The Township vigorously contests these lawsuits and believes the ultimate resolution will not have a material adverse effect on their financial position.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Township as revenue would constitute a liability of the applicable funds. The amount if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Township officials expect such amounts, if any, to be immaterial.

Note 12: Open Space Trust Reserve

The Township of White established an Open Space Trust Fund in 1999. The Township has levied a tax equal to two cents per \$100 of total Township equalized real property valuation. The tax has remained two cents since the approval by the voters to establish the open space tax. The intention of the municipality is to use this funding to offset the debt issued to acquire open space property in the Township. The funds are being held in the Open Space Fund Reserve on the Other Trust Funds balance sheet. The balance in the Reserve for Open Space at December 31, 2014 is \$166,225.35.

Note 13: Economic Dependency

The Township receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Township's programs and activities.

Note 14: Deferred Compensation

The Township offers its employees the following deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is administered by the entity listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrator is Lincoln Financial Group.

Note 15: Accrued Sick and Vacation Benefits

The Township has permitted full-time employees to accrue unused vacation and sick pay. Fifty percent of unused sick days are made payable upon retirement up to a maximum of \$14,000.00. The current cost of such unpaid compensation has been estimated at approximately \$40,500.00 at December 31, 2014, and is not reported either as an expenditure or liability. It is expected that the cost of such unpaid compensation would be included in the Township's budget operating expenditures in the year in which it is used.

TOWNSHIP OF WHITE
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2014

Note 1: BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards (the "Schedules") includes the federal and state grant activity of the Township of White under programs of the federal and state governments for the year ended December 31, 2014. The information in these schedules is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States and Local Governments, and Non-Profit Organizations* and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Because the schedules present only a selected portion of the operations of the Township, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Township.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governmental Units*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through identifying numbers are presented where available.

Note 3: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

The Honorable Mayor and Members
 of the Township Committee
 Township of White
 Belvidere, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements – *regulatory basis* - of the various funds of the White Township, in the County of Warren (the "Township") as of and for the years ended December 31, 2014 and 2013, and the related notes to the financial statements and have issued our report thereon dated March 30, 2015. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Mayor and Members
of the Township Committee
Township of White
Page 2

We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as Finding 2014-01, which we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Township's Response to the Finding

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. The Township's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

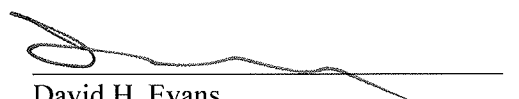

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWNSHIP OF WHITE
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2014

Summary of Auditors' Results:

- The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the Township prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey.
- A significant deficiency was disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*. No material weaknesses are reported.
- No instances of noncompliance material to the financial statements of the Township which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- The Township was not subject to the single audit provisions of Federal OMB Circular A-133 and New Jersey's OMB Circular 04-04 for the year ended December 31, 2014 as both state and federal grant expenditures were less than the single audit thresholds of \$500,000 identified in the Circulars.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit disclosed the following significant deficiency required to be reported under Generally Accepted Government Auditing Standards:

Finding 2014-01

The Township does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The various departments/offices of the Township are responsible for the issuance of permits and licenses; collection of taxes, utility charges and permit and license fees; and recording of collections. Also, the fund/account Treasurer disburses funds and reconciles the bank accounts for their respective funds or accounts. Also, the preparation of the general ledger for the various funds as well as the preparation of payroll are performed by one person, the Chief Financial Officer. This is due, in part, to the limited number of personnel of the Township and the decentralized nature of governmental collection procedures. Accordingly, management and the Township Committee should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

Management's Response:

The finding was evaluated, however, due to budgetary constraints, no resolution can be made at this time.

Findings and Questioned Costs for Federal Awards:

- Not applicable since federal expenditures were below the Single Audit threshold.

Findings and Questioned Costs for State Awards:

- Not applicable since state expenditures were below the Single Audit threshold.

TOWNSHIP OF WHITE
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2014

Status of Prior Year Findings:

The prior year finding regarding the segregation of duties was not resolved and is included in the current year findings.

PART III

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2014

TOWNSHIP OF WHITE
COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective January 1, 2011 the bid threshold in accordance with the N.J.S.A.40A:11-3 and 40A:11-4 (as amended) is \$17,500, and with a qualified purchasing agent the threshold may be up to \$36,000.

The governing body of the Township of White has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S. 40A:11-5.

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4 (Cont'd)

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes/Sewer Rents

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes on or before the date when they would become delinquent. On January 1, 2014, the governing body adopted a resolution authorizing interest to be charged at the rate of 8% per annum on the first \$1,500 of delinquent taxes and 18% per annum for delinquent taxes in excess of \$1,500, and allows an additional penalty of 6% be collected against a delinquency in excess of \$10,000 on properties that fail to pay the delinquency prior to the end of the calendar year.

On January 2, 2014, the governing body adopted a resolution authorizing interest to be charged at the rate of 8% per annum on the first \$1,500 of delinquent sewer rents and 18% per annum for delinquent sewer rents in excess of \$1,500, and allows an additional penalty of 6% be collected against a delinquency in excess of \$10,000 on properties that fail to pay the delinquency prior to the end of the calendar year. It allows for a grace period of 30 days for payment of the first quarter 2014 sewer bills.

From our testing of the Tax Collector's and Sewer Rent Collector's records, it appeared that interest was charged for delinquent tax/sewer rent payments in accordance with the above resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on October 20, 2014, and was complete. Inspection of tax sale certificates on a test basis revealed that tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2014	24
2013	26
2012	27

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

Verification of Delinquent Taxes and Other Charges (Cont'd)

<u>Type</u>	<u>Number Mailed</u>
Payments of 2015 Taxes	20
Payments of 2014 Taxes	20
Delinquent Taxes	15
Tax Title Liens	2
Payments of 2015 Sewer Rents	20
Payments of 2014 Sewer Rents	20
Unpaid Sewer Rents	15

Verification notices were mailed to confirm balances as of December 31, 2014. The items that were returned were checked and in agreement with the Township's records. For receivable items not returned, alternative procedures were performed.

New Jersey Administrative Code Accounting Requirements

The Division of Local Government Services has established three (3) accounting requirements which are prescribed in the New Jersey Administrative Code. They are as follows:

1. Maintenance of an encumbrance accounting system.
2. Fixed assets accounting and reporting system.
3. General ledger accounting system.

The Township currently complies with these accounting requirements.

Municipal Court

The Report of the Municipal Court has been forwarded to the Division of Local Government Services and the Township's Magistrate under separate cover. Reflected on the following page is a summary of receipts and disbursements for the year ended December 31, 2014:

COMMENTS AND RECOMMENDATIONS
(Continued)

Tax Collector

A review of the Tax Collector's cashbook and reconciliation with the Treasurer's records revealed that amounts being reported to the Treasurer are not always in agreement with the amounts collected in the Tax Collector's cashbook.

Recommendation:

It is recommended that the Chief Financial Officer and the Tax Collector reconcile all receipts on a monthly basis.

Management's Response:

The Chief Financial Officer and Tax Collector will reconcile all receipts on a monthly basis.

Corrective Action Plan

The recommendation from the 2013 audit regarding segregation of duties has not been resolved and is included in the 2014 audit report.

TOWNSHIP OF WHITE
SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. The Township be aware of the lack of segregation of duties and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.
2. The Chief Financial Officer and Tax Collector reconcile all receipts on a monthly basis.
